

PRODUCT DATASHEET

Version: 1.6.2017

Product: Nitro Dispenser

Model: 2017-CS-01

Electrical & refrigerant

Power supply: 230 V / 50 Hz / AC ~

Wattage / amperage: 334 W / 1,45 A

Refrigerant / amount: HFC R-134a / 68 g

Climatic class: N

Cooler type: dry

Weight & Dimensions

Net / gross weight: 18.5 kg / 20.0 kg

Dimension dispenser: 51.5 x 19.5 x 55.0 cm (H x W x D)

Packaging

Single Box 45.0 x 25.0 x 56.0 cm (H x W x D) | 20.0 kg

Euro-Palette (120x80 cm) 6 boxes per layer, 18 boxes per palette

120 x 80 x 155 cm

net weight = 18 x 18.5 = 333 kg

gross weight = 380 kg

Device connections

Product In Linktech coupler; 3/8" hose 1.5 m

Nitro-Port JG 5/16"

Power cable Firmly connected; 1.5 m

Plug: CEE-7/7 plug

Features & accessories

Nitro amount control yes

Jet-nozzle spout yes

Micro airfilter yes

Nitro source air or connection of external nitrogen gas bottle via Nitro-Port

Temperature control yes (5°C – 15°C)

Flowrate 0.6 l/min (2 hole disc)

Cooled liquid buffer 0.5 l

Nonstop dispense cooling Δ 7°C (at 0.6 l/min)

Warranty 2 years

Inlet strainer yes (for particles > 0.1 mm)

Detergent 2 packs of Thonhauser DESANA MAX CL detergent

Drip tray yes

Patent application pending
